**Dear Colleague Letter: Cryogenics Below 1 K - Systems, Cycle, and Materials**

Dear Colleague,

American University's Center for Cybersecurity (CCI) is holding its first Innovation Boot Camp Jan. 3 - 7, 2022 in Arlington to help create the next generation of entrepreneurs, who know firsthand where the pain points are and how to overcome them, will advise you. You'll work on real-world problems and learn how to turn ideas into products. Entrepreneurs, who know firsthand where the pain points are and how to overcome them, will advise you. This camp is specifically designed for Virginia undergrad and grad students from the state's public institutions.

CCI is covering food and lodging––students are responsible for their travel to Arlington.
