In the meantime, if you'd like to stay up to date with events, please register for the newsletter and we'll reach out to you. Best wishes as we convene this year and look forward to all the exciting accomplishments we'll celebrate together. It was an honor to work with you this year and please stay in touch if you'd like to be here again next year.

Greetings,

FUNDING OPPORTUNITIES

- **Statistical Modelling and Inference for Next-Generation Functional Data.**
  - Description: This grant provides funding for researchers to develop and apply new statistical methods for analyzing functional data, with a focus on applications in the fields of health and medicine.
  - Application Deadline: January 23, 2022
  - National Institutes of Health / DHHS - Exploratory Data Science Methods and Algorithm Development in 5G Multi-Access Mobile Edge Server Based
  - Description: This grant supports research on the development of new algorithms and methods for exploring and analyzing data generated in 5G networks.
  - Application Deadline: February 17, 2022
  - National Institutes of Health

IDEA AFFILIATION

The National Institutes of Health announced that it is offering up to $1 million in cash prizes for innovative solutions to maternal health challenges. The NIH Technology Accelerator Challenge for Maternal Health seeks to spur and reward the development of prototypes for low-cost, effective solutions that can help prevent maternal morbidity and mortality.

Full Proposal Date - January 23, 2022
- National Endowment for the Humanities/National Foundation on the Arts and the Humanities - Institutes for Security and Learning for Smart Building.
- Innovation Partnership Authority

Congratulations to:

Wang, Lily
- College of Engineering & Computing
- College of Humanities & Social Sciences
- College of Science

Did you know that, as an IDIA faculty affiliate, you are eligible to:

- Receive the benefits of co-locating .NET workloads onto Linux on IBM Z or LinuxONE.
- Use Azure Cloud services like Azure Portal, Azure Active Directory, Azure Cloud Shell, and a variety of Azure services.
- Be mentored by Amazon experts to develop their idea further and connect with AWS executives.
- Design and develop Cloud prototypes.
- Learn about and use Amazon Lightsail Containers and CloudFormation.

The competition is open to both beginners and experts in the US and no matter how big or small, any solution can make a difference. Whether you currently work in maternal health innovation, or you are bringing new thinking to this issue, your ingenuity is part of solving this challenge.

Solutions can come from anyone, anywhere. Whether you currently work in maternal health innovation, or you are bringing new thinking to this issue, your ingenuity is part of solving this challenge.
