Congratulate to:

- Full Proposal Due Date - December 08, 2021
- Full Proposal Due Date - November 23, 2021
- Preliminary Proposal Due Date - December 01, 2021

NSF - Cyberinfrastructure for Sustained Scientific Innovation (CSSI)

Preliminary Proposal Due Date - December 01, 2021

NSF - Simons Collaboration on a National Institute for Theory and Mathematics in Biology (NITMB)

Full Proposal Due Date - December 08, 2021

- Implement inclusive teaching methods in your classes which will remove common barriers and enhance
- Support your development as a reflective, inclusive practitioner;
- Advance your awareness, self-efficacy, and ability to cultivate inclusive classroom environments;

The Inclusive STEM Teaching Project, an NSF Improving Undergraduate STEM Education program, is hosting

- A roundtable prepared to briefly share their research interests and what opportunities within the context of
- Pathways towards submitting a proposal. Interested participants should pre-register to attend and come to the
- Community-based research (deadline Nov. 16). Mason’s Institute for a Sustainable Earth and Institute for Digital

University Career Services is hosting two career fairs in the next two weeks. The fair on Sept 29 is in person

- Mason University pod of 500 Women Scientists and the Mason chapter of Sigma Xi.
- Artificial Intelligence algorithms and facial recognition software. This screening is sponsored by the George
- Join Mason faculty and students to watch and discuss the documentary

Coded Bias Screening and Discussion

The best way to learn about the current state of research and the future of this technology is to attend the

H-1B Visa Workshop 2021 - Women in STEM

The event will be held virtually on Sat, Oct 2 from 9:00 am - 3:00 pm. This workshop will focus on the basics of

H-1B Visa
data analytics can be used to facilitate solutions for some of the

- most intractable social, environmental and political problems?“.

The TraCCC explores “how new technologies and advanced
