Call for Applications: Azure Accelerator Program for Research

Internet2 CLASS and Microsoft are collaborating on an exciting opportunity: the Azure Accelerator Program for Research!

Do you work on a project related to machine learning, deep learning, or image processing and analysis? Are you interested in harnessing the power of cloud computing for your research?

More information is available on the Azure Accelerator Program for Research webpage.

For questions or assistance, contact Mike Bunting at mbuntin@gmu.edu.

This 10-week immersive, cohort-based program will provide the opportunity for the research and education communities to work together to address and solve real-world problems.

The program is open to innovators and researchers from any field who have an interesting and compelling problem statement or research question. The program is designed to help transform ideas into reality.

You will receive a stipend of $10,000 and access to Azure credits throughout the program.

The application deadline is August 28, 2022, and the program begins September 2022.

To apply, please submit a proposal directly to the Internet2 CLASS team at sherry.crissman@gmu-rprc.org. Make sure to mention "CCI Student Internship - Application" as the subject of your email.

To apply, please submit your application, including your resume and unofficial transcript, to Dr. Sherry Crissman at sherry.crissman@gmu-rprc.org.

The program is open to innovators and researchers from any field who have an interesting and compelling problem statement or research question. The program is designed to help transform ideas into reality.
