

# WEEKLY-

edge digital solutions of consequence to the local, regional, or national economy.

Dear Colleagues,

Two office hours are planned to address questions from interested participants. These Q&A sessions will be held remotely via Zoom on December 9, 2022 (10-11 am) and February 10, 2023 (10-11 am). RSVP for Q&A sessions here.

We have recently launched the IDIA P3 Faculty Fellows Program that seeks to stimulate research collaborations and partnerships between George Mason University and industry on impactful societal problems and cutting-

House Office of Management and Budget, and other federal agencies, the initiative links interested researchers directly with federal agencies seeking to answer research questions captured in their learning agendas in equityrelated research themes. Deadline: December 9, 2022 by 5:00 pm EST More information is available here. ODNI AI Engineering Academic Research Roadmap

The University of Maryland Applied Research Laboratory for Intelligence and Security (ARLIS) is requesting information from Not-For-Profit Academic Institutions (particularly members of the Intelligence and Security University Research Enterprise (INSURE)), Federally Funded Research and Development Centers (FFRDC), and University Affiliated Research Centers (UARCs) in support of the National Artificial Intelligence (AI) Engineering Initiative, sponsored by the Office of the Director for National Intelligence (ODNI). The purpose of this Request for Information (RFI) is to solicit from the larger national academic ecosystem information relevant

to the development of an Academic Research Roadmap. The Research Roadmap will identify gaps and

as accelerate the Intelligence Community's (IC) adoption of AI technologies.
